Each local league shall establish a procedure for ensuring the minimum required # of courts are played when the combination of individual match defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches would not be played.

The following procedure should be used when the combination of individual match defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches would not be played.

The first course of action would be for both captains to agree on what individual matches, based on the number of players present, or to be present, that can be played to constitute a valid team match. Once that is determined, both captains will re-exchange scorecards.

If both captains cannot come to an agreement on what individual matches will be played to constitute a valid team match, based on the number of players present, or to be present, then the following individual matches will be assigned in sequential order to be played:

League, all matches will be the best of three sets and the Set Tiebreak (first to 7 by 2 using the Coman Procedure) shall be used at 6-6 in each set. In lieu of a third (3rd) set, a Match Tiebreak (first to 10 by 2 using the Coman Procedure) shall be played. There will be a two minute set break at the end of each set with no coaching. The match tiebreak shall be scored as 1-0 in TennisLink. Winner's scores are listed first when recording scores in TennisLink.

Procedures in the event of a tie in a 40 & Over 4 court match for local play. Please refer to Tennislink. If a match is tied 2-2, the tie will be broken by the first of the following procedures: (1) least sets lost, (2) least games lost, highest games won percentage, (4) winner of 1st court doubles.

Procedures in the event of a tie for local play. Please refer to Tennislink. If team wins are tied at the end of the local league season, the tie shall be broken by the first of the following procedures: (1) individual matches, (2) head-to-head, (3) least sets lost, (4) least games lost, (5) highest games won percentage, (6) toss of coin.

- If a Local League has a playoff, championship procedures must be used in the event of a tie. Please refer to national regulation 2.03H.
- USTA Southern permits each local league to continue using the same local league team format through local league playoffs. Said team format for local league playoff structure shall be listed in each applicable local league regulations. All other requirements for "championship" play must be followed for local league playoffs.

2.01C(6) Team Lineups. The team captain for each team shall exchange their completed team lineup simultaneously prior to the beginning of the team match. Default time is 15 minutes after the scheduled match time. Once the lineup is exchanged, the lineup cannot be changed except as noted below:

In the event of illness, injury, or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the 15 minute default time, using a player not already listed on the lineup. If no such substitution can be made, the affected position only will be defaulted in local leagues.

Two players will play together in the higher position when both of their partners do not show in order to avoid two defaults. (Note: When dealing with combined levels, this would be permissible only if the two players together would not exceed the combined NTRP level.)

If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in Reg. 2.03K Team Defaults and 2.03L Scoring of Team Defaults shall be applicable.

An individual match is started when the first ball is put in play. After the start of an individual match, if injury to or illness of a player occurs, the opponents will be awarded a retirement for that individual match only.

Split Match Times. When less than the required number of courts are available at the start of a scheduled match, it is the Host Captain's responsibility to determine which courts start at the earlier times. EITHER the Host or Guest Captain, with split match times, must contact and confirm with the opposing team Captain by the Friday (Monday for Tri-Level matches) before the next scheduled match or the match lineup will be in the order of sequence as listed on the match scorecard with the first matches listed filling the earlier time slots. Host captains are responsible for assigning the court numbers of each individual team match. All courts must be played at the same location.

Cell Phones. A ringing cell phone on the court while a point is in progress is a deliberate hindrance; if opponent's cell phone rings during a point, the player may immediately stop and claim the point. (See Friends at Court, #36 The Code) A player may not use electronic devices such as cell phones, smartwatches, digital messaging systems, radios, mp3 players, cd and dvd players, cassette players, and any device capable of receiving communication.

2.01C(5)c. Each local league will decide how to regulate rescheduling of team matches due to rules for making up matches rescheduled due to rain, inclement weather and/or USTA League-related conflicts. **Apart from a USTA league related conflict, all matches will be played according to the schedule unless facility closes. Captains may not reschedule a match if facility is open.** Teams must wait one (1) hour (day teams) and one half hour (night teams)

NEW ORLEANS REGULATIONS

to determine if courts will become playable. Courts must be playable by 10:00 a.m. (day) "or" 7:00 p.m./split match, 7:30 p.m./regular match (night). This rule applies when teams arrive at a facility and it has just stopped raining (court can be dried) or rain is so light that it may stop raining within a few minutes (and courts can be dried). Do not exchange line-ups until courts are playable. If rain should occur during play, the same rule applies and then play should resume. When a default has been given prior to the line-ups being exchanged, and rain or inclement weather cancels the match, the default no longer stands. Line-ups only stand for those individual matches that have already started (first serve attempt) their match. All other individual matches, even those that were in warm-up may be changed including defaulted courts.

If a rain delay occurs (Day only) and the match was scheduled with split times, no second round match will begin after 12:00 pm. If the second round has not begun before 12:00 pm, this round will be rescheduled as a makeup.

The host captain is responsible for rescheduling any cancelled and/or interrupted matches and securing courts. Rescheduled matches should be made up within two (2) weeks of originally schedule match unless the state deadline date for the league is prior to the two (2) weeks, then matches need to be completed prior to the state deadline date. The host captain should contact the guest captain within 24 hours of the rained-out or weather interrupted match and offer (3) possible make-up dates. Guest captain has 24 hours to respond and agree to a date. Day teams must give weekday morning dates, and night teams must give weekday night dates with the option of one weekend date. The local or level coordinator should be notified of the rescheduled match date. If team captains cannot agree on a date and time for a rescheduled match and there has been no attempt to play the match within the 14 days, a league coordinator may then choose a match time and location. If the Coordinator chooses a date and time for the rescheduled match and the match is not played due to a conflict, the penalty will be a default if one team cannot play the match or a double default if neither team can play the match.

USTA League Related Conflict. Due to conflict with District, Sectional, Regional or National League Championships— If a team has more than 50% of its players on a roster, or 50% of an individually rated line in Tri-Level, that are playing at a District, Sectional, Regional or National League Championship and have a team match in conflict of these events, then they can reschedule the match (or Tri-Level line affected) either by playing before the scheduled date or within 2 weeks after the scheduled match. They must notify the other team captain and Local League Coordinator of the conflict before the scheduled match and work with both parties to schedule the match within the above mentioned timeframe.

2.01C(5)e Team Defaults. Louisiana Regulation: When a team default (As defined by 2.03K Team Default regulation) occurs in local league play the Local League Coordinator shall submit to the State League Coordinator a recommendation on how the default should be handled. Exception for two team leagues: No team may advance beyond local league play if a team default occurs regardless of the number of team matches scheduled. The recommendation should support the answer to the following question:

Should the team default stand (scored as a 6-0, 6-0 loss on each individual match forfeited) thus allowing the team to remain eligible to advance beyond local competition?

If the answer is yes:

The default will stand, allowing the team to advance beyond local play.

If the answer is no:

- For leagues playing a single round robin:
 - The team will be removed from standings in round robin play unless all teams with a mathematical chance to advance have already played the defaulting team in good faith, in which case, the matches shall stand as played when determining standings.

- For leagues playing multiple round robins (choose one):
 - o The team will be removed from standings in the affected round only, or
 - o The team will be removed from standings in all round robins
